Research Interests

Operations Research	Data-Driven Decision Making	Mathematical Modeling
Optimization Algorithms	Machine Learning	Data Science

Education

B.Sc. in Industrial and Production Engineering January 2020 - September 2025
Khulna University of Engineering & Technology (KUET), Khulna, Bangladesh

- CGPA: 3.23/4.00

Research Experience

Undergraduate thesis 2025

Khulna University of Engineering & Technology
Thesis title: Analysis of Supply Chain Resilience Performance Degradation in Manufacturing Organizations of Bangladesh: A Study Using Dynamic Bayesian Network
Supervisor: Md. Ismail Hossain

- In this study key resilience performance degradation factors are identified and both Bayesian and Dynamic Bayesian model was developed.
- Resilience performance degradation was analyzed for four different time steps under disruption.

Undergraduate project 2024

Khulna University of Engineering & Technology
Project title: Analysis of Supply Chain Resilience Performance Degradation and findout degradation parameters in RMG Manufacturing Organization: A Study using Bayesian Network
Supervisor: Md. Ismail Hossain

- Identify supply chain resilience performance degradation parameters for manufacturing .
- Analyzed the performance degradation of supply chain resilience for a single ready made garments manufacturing industry only for disruption state.

Technical Skills

- Programming Language: *Python, C*
- Optimization Software: *CPLEX Studio, Tora*
- Design & Simulation Software: *SolidWorks, AutoCAD, Fusion 360, Ansys, Creality 3D Print*
- Documentation and Presentation: *Microsoft PowerPoint, Microsoft Excel, Microsoft Power BI*
- Machine Learning Framework: *NumPy, Pandas*

Linguistic Proficiency

- English: Fluent Working Proficiency
- Bangla: Native Language

Extra-Curricular Activities

President, IEM Robotics and CAD Club (IRCC)

04/2024 – 07/2025

- Led a team of 40 members to organize Technomize 1.0, a national tech fest with four different segments, and promoted the event to over 42 universities and nearly 16,000 students through a comprehensive marketing campaign. Conducted workshops and trained 50+ members on SolidWorks software.

Public Relation Officer, IMechE KUET Student Chapter

05/2024 – 08/2025

- Build and sustain relationships with external stakeholders, including sponsors and potential partners.
- Coordinate and promote events, workshops, and seminars, enhancing the chapter's visibility and engagement.

Vice President, Aboho (The Environmental Club of KUET)

05/2024 – 07/2025

- Oversaw the successful execution of club initiatives, including tree planting drives and awareness seminars, and managed diverse teams for on-campus and community events.

Public Relation and Media Officer, LOOP (Control Engineering Club)

05/2024 – 07/2025

- Led the club's outreach and communication strategy, successfully driving engagement for technical events, including Industrial Automation and PLC workshops, through strategic media and social platform management.

Achievements

- Finalist at Lean Sprint, Inter-University Business Case Competition, BUET IPE FIESTA 2023
- Champion at "3rd Khulna Community Debate Tournament, 2021"
- Semi-finalist - HULT Prize KUET 2020, Campus Round.

Training & Certifications

Industrial Training, BSRM Steels Limited - Production Department (Melting-2)

(5th – 11th

August, 2023)

- Completed health & safety training and learned about air pollution control, water treatment processes. Gained hands-on experience in billet manufacturing, scrap processing and Induction Furnace (IF) operations. Learned about steel categories, mixing ratios and Ladle Refining Furnace (LRF) processes. Gained insight into Continuous Casting Machine (CCM) operation, cooling mechanisms and quality control.

Certified SolidWorks Associate (CSWA) || Dassault Systèmes

- Credential ID: C-BP3TAXED8L (March 3, 2023)
